#### HOW RISKY IS IT?

The value of the Fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund’s returns change over time. This is called “volatility.”

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

#### RISK RATING

Ninepoint Partners LP has rated the volatility of this Fund as **high**.

This rating is based on how much the Fund’s returns have changed from year to year. It doesn’t tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the Fund’s returns, see the “What Are the Risks of Investing in the Fund?” section of the Fund’s simplified prospectus.

**NO GUARANTEES**

Like most mutual funds, this fund does not have any guarantees. You may not get back the amount of money you invest.

The fund is suitable for those investors who have a high risk tolerance, own, or plan to own, other types of investments to diversify their portfolio and want exposure to the Canadian and U.S. equity markets.

**A WORD ABOUT TAX**

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the Fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your Fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

**HOW MUCH DOES IT COST?**

The following tables show the fees and expenses you could pay to buy, own and sell Series A units of the Fund. The fees and expenses – including any commissions – can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

**1. Sales Charges**

You will be charged an initial sales charge when you buy Series A units of the Fund.

Sales charge option	What you pay		How it works

It goes to your representative's firm as sales commission.</li> </ul>

**2. Fund Expenses**

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

As of December 31, 2017, the Fund's expenses were 2.04% of its value. This equals \$20.40 for every \$1,000 invested.

**Annual Rate (as a % of the Fund's value)**

<b>Trading expense ratio (TER)</b> These are the Fund's trading costs.	0.93%
<b>Fund expenses</b>	2.04%

**More about the trailing commission**

The trailing commission is an ongoing commission. It is paid for as long as you own the Fund. It is for the services and/or advice that your representative and his or her firm provide to you.

Ninepoint Partners LP pays the trailing commission to your representative's firm. It is paid from the Fund's management fee and is based on the value of your investment. The rate is as follows:

Sales charge option	Amount of trailing commission	
	in percent (%)	in dollars (\$)
Initial sales charge	0% to 1.00% of the value of your investment each year	\$0 to \$10.00 each year on every \$1,000 held

You may have to pay other fees when you buy, hold, sell or switch units of the Fund.

<b>Registered Tax Plan Fees</b>	No fee is charged to open, close or administer a registered tax plan administered by Ninepoint Partners LP. However, for other registered tax plans holding other investments in addition to securities of a Ninepoint mutual fund, an annual trustee fee may apply payable to the administrator of the plan.
